

Hello all! My name is Audra Chadwick Kurzenoerfer. Mouthful, right? The “Chadwick” comes from my grandfather, Ronnie Chadwick, who helped in the early development of Sea Gate and lived here for many years. The “Kurzenoerfer” comes from the fact that I was lucky enough to marry my best friend, Stephen. I have expressed an interest in serving our community by running for a position on the Sea Gate Board of Directors.

I grew up in Fayetteville, NC but spent my summers and weekends here in Core Creek and Sea Gate, with family. I attended the University of North Carolina at Wilmington, earning my bachelor’s degree in 2007. Shortly after I moved to where I always thought I would end up, Carteret County. I work as a Financial Coordinator for Carolinas Center for Surgery.

Stephen and I bought our house at 352 Country Club Lane in May of 2016. Since then, we have had the privilege of meeting so many neighbors that became friends, and now family. I decided to run for the board because I saw a need in our community and a place where hopefully both my professionalism and compassion will be used to keep Sea Gate on a successful track. We truly have a gem here, and we need to preserve it!
